

## FLORIAN FANOR

### TECHNICAL SKILLS

- **Programming Languages:** : Javascript, TypeScript, Python.
- **Frameworks & Libraries:** React, NextJS, Angular, React Native.
- **Data Handling Tools:** Apollo GraphQL, Redis, SQL, REST API.
- **Other :** HTML, CSS, CMS, NX, Git, Accessibilité numérique.

### EXPERIENCE

Publicis Sapient | **Lead Experience Engineer** - Dec. 2023 - present.

- Technical lead on a large-scale international e-commerce project deployed across multiple markets.
- Oversaw the development team, mentored junior developers, and led technical rituals (code reviews, tech talks, pair programming).
- Designed a modular, high-performance front-end architecture to support heavy traffic and scalability.
- Conducted regular pull request reviews to ensure code quality, adherence to standards, and long-term maintainability.
- Collaborated closely with product, design, and DevOps teams to deliver cohesive, performant, and accessible features.
- **Technologies:** JavaScript, TypeScript, React.js, Next.js, Apollo GraphQL, Redis

Publicis Sapient | **Software Engineer** – Mar. 2022 - Dec. 2023

- Developed a complex e-commerce platform for a major international retailer.
- Built responsive, dynamic, and accessible UIs with a strong focus on performance.
- Integrated GraphQL APIs and handled business logic in coordination with backend teams.
- Participated actively in pull request reviews to ensure code consistency and foster collective skill growth.
- Contributed to automated testing, CI/CD pipelines, and technical documentation.
- **Technologies:** JavaScript, TypeScript, React.js, Next.js, Apollo GraphQL, Redis

GROUP VII ORIGIN | **Software Engineer** - Oct. 2019 - Jan. 2022

- Developed front-end and mobile web applications.
- Built RESTful APIs and back-end services using Python and Django.
- Optimized performance and improved cross-platform compatibility.
- **Technologies:** JavaScript, React.js, React Native, Python, Django

ELCA Informatique SA | **Software Engineer** - Feb. 2019 - Oct. 2019

- Contributed to ASP.NET MVC-based projects.
- Integrated both front-end and back-end frameworks.
- **Technologies:** ASP.NET MVC, JavaScript, AngularJS

Proximity BBDO Indian Ocean | **Software Engineer** - Dec. 2017 - Jan. 2019

- Developed custom web solutions.
- **Technologies:** ASP.NET MVC, JavaScript

---

#### INTERNSHIPS

Eclosia | **Frontend Developer** - Jul. 2017 - Dec. 2017

- Carried out front-end development projects.

---

Business & Decision Group | **Full Stack Developer** - Mar. 2017 – Jun. 2017

- Final year project at Charles Telfair Institute (Curtin University).
- **Technologies:** JavaScript

---

Proximity BBDO Indian Ocean | **Web Developer Trainee** - Oct. 2016 - Feb. 2017

- Full-stack development training.
- **Technologies:** ASP.NET MVC, Umbraco, HTML, CSS, JavaScript

---

#### EDUCATION & CERTIFICATIONS

##### **ACCESS42**

“AUDITER L’ACCESSIBILITÉ NUMÉRIQUE AVEC LE RGAA” - AUDITING DIGITAL ACCESSIBILITY WITH RGAA

##### **CURTIN UNIVERSITY – MAURITIUS**

BCOM – INFORMATION TECHNOLOGY AND SYSTEMS

---

#### INTERESTS & VOLUNTEERING

- **French Red Cross** (Dec. 2021 - present)
  - Social : Maraude, CHVL
  - PSC1 – First Aid Certificat
- **Ultimate Frisbee** (Sep. 2022 - present)
- **Sailing** : Dinghy and keelboat

---

#### LANGUAGES

- French : Fluent
- English : Fluent
